

## Q8 Bizet AW 220

Chain and chainsaw oil with excellent performance

### Description

Q8 Bizet AW 220 is a chain and chainsaw oil with an excellent performance and a low pour point. It contains well balanced extreme pressure additives that offer a low oil consumption. Q8 Bizet AW 220 has a strong adhesive oil film that leads to a longer lifetime of the chain slides. Its components are carefully selected with no harmful or unpleasant odours.

### Applications

Q8 Bizet AW 220 is used in chains and slides of chainsaws. It is also perfect for chains, slides and guides in industrial applications.

### Benefits

Improves the durability of the equipment thanks to its characteristics

Low oil consumption which leads to a lower maintenance cost

### Features

Excellent adhesiveness

Outstanding anti-wear characteristics

Excellent thermal durability

Outstanding friction diminution

Neutral in odor
