

Q8 Dali 11

Demoulding oil for cement products

Description

Q8 Dali 11 is an exceptional demoulding oil for cement products. It is developed for tile manufacturing and forms a unique homogenous layer on the mould to provide a better quality of the surface. The light coloured Q8 Dali 11 makes it easy to inspect the quality of the moulds and doesn't smell. Extensive testing proves that the precise application quantities optimize costs and performance.

Applications

Q8 Dali 11 is used for tiles, white cement sheets, cement slates, fence posts and thin flat sections and other prefab elements of medium to higher quality.

Benefits

- Leads to an improved durability of the finished product quality
- Superior quality of the surface
- Neutral in odor
- Reliable and durable thanks to an effective demoulding operation
- Light colour
- Enriched with special additives
- Prevents sticking
- Extremely handy to apply

Properties

	Method	Unit	Typical
Appearance	Visual	-	Bright and Clear
Density, 15 °C	D 4052	g/ml	0,849
Kinematic Viscosity, 40 °C	D 445	mm ² /s	11
Pour Point	D 97	°C	-15
Flash Point, COC	D 92	°C	174
Rust Test, Proc. A and B, 24 h	D 665	-	pass
