

Q8 Auto 15 S

Full synthetic automatic transmission fluid with extended drain capability

Description

Q8 Auto 15 S is a superior performance full synthetic automatic transmission fluid, designed for heavy duty vehicles. The product is especially formulated for trucks, buses and military equipment in severe operating conditions, because of its exceptional viscosity index and extended drain capability. It meets the specifications of ZF transmissions, Allison Transmission, Mercedes-Benz and Voith.

Applications

Q8 Auto 15 S is specifically formulated for severe operating conditions. It is specifically designed for ZF Ecomat Transmissions requiring ZF TE-ML 14C, ZF TE-ML 20C specification. The product is also formulated for Voith 55.6336, MAN 339 V-2/Z-3, Allison TES-295, Allison TES-389, Dexron III G and MB 236.91.

Benefits

- Full synthetic formulation to provide an extreme thermal stability.
- Superior protection against wear and extends component life.
- Superior gear protection under heavy duty conditions.
- Exceptional wear protection under heavy duty operating conditions.
- Exceptional internal friction reduction.
