

Q8 Antifreeze Lobrid Evo PSI-OAT Premixed

Superior Long Life PSI-OAT Coolant

Description

Q8 Antifreeze Lobrid Evo PSI-OAT Premixed is an ethylene glycol of the so-called PSI-OAT type and combines the advantages of phosphates and silicates and is based on so-called X-OAT technology. The product has unparalleled corrosion protection and Long Life properties. Does not contain amine, nitrite, boron or 2-ethylhexanoic acid compounds. Protects against cavitation and damage to the cylinder liner. Also suitable for aluminum engines.

Applications

Q8 Antifreeze Lobrid Evo PSI-OAT Premixed is used in cooling systems for passenger cars, commercial vehicles, buses and stationary engines. This type of glycol is recommended mainly for the Volkswagen group but brands such as Volkswagen, Audi, Skoda, Porsche, Lamborghini, Bugatti but also fits other manufacturers.

Benefits

- Excellent service life due to chemical stability.
- Outstanding high temperature performance.
- Outstanding compatibility with system rubber seals
