

Q8 Multi-Spray

Q8 Multi-Spray cleans, protects, penetrates and lubricates

Description

Q8 Multi-Spray is an all-in-one indispensable lubricant that cleans, protects, penetrates and lubricates. It helps to remove dirt, dissolves adhesives and allows easy removal of labels and tape. Q8 Multi-Spray contains corrosion-resistant ingredients to protect the metal surfaces against aggressive elements. It penetrates metal parts and lubricates moving parts.

Applications

Q8 Multi-Spray is used as a cleaner to remove all labels, tape, paint, excess bonding material and as a surface cleaner. Q8 Multi-Spray is also used as protection of all sorts of tools and equipment. Q8 Multi-Spray penetrates corroded parts such as bolts, nuts, locks and valves. Q8 Multi-Spray lubricates chains, locks, squeaky doors, rollers and moving parts

Benefits

- Limited products needed thanks to versatile applications of lubricants
- Extreme penetrating effect
- Excellent cleaning properties
- Outstanding protection against corrosion
- Highly resistant to rust
- Advanced friction reduction

Sustainability

The product Carbon Footprint (PCF), cradle-to-gate (Q8Oils state of the art facility in Belgium), of Q8 Multi-Spray is **1.25** kg CO₂eq / kg.

Please contact Q8Oils to learn more about the positive environmental impact, the handprint, of this product.

To ensure accuracy and reliability, the PCF calculation tool has been verified by an independent third party. The verification report is available in the disclaimer.
