PRODUCT DATA SHEET

Q8 van Gogh 32

High performance turbine oil

Description

Q8 van Gogh 32 is a high performance turbine oil based on selected premium base fluids.
This product is developed for use in steam and gas turbine circulation systems.
Q8 van Gogh 32 meets the challenges of the latest generation turbines making it suitable to operate under mild to severe conditions.
Designed as part of the Q8Oils clean technology program to ensure superior varnish/deposit control in combination with long oil life.

Applications

Industrial steam- and gas turbines
Hydroelectric turbines
Circulation systems where R&O type turbine oil is required
Centrifugal- and axial pumps, and turbo-compressors, gas booster compressors (GBC) where R&O type turbine oil is recommended

Features	Benefits
Turbine performance	Long trouble free service life, excellent turbine protection and outstanding resistance against ageing
Enhanced technology	Outstanding formulation in order to protect the turbine against corrosion and to minimize the build-up of deposits and lacquer in the turbine
Lower operational costs	Specifically developed with excellent protection against the formation of varnish

Specifications & Approvals

ASTM	D 4304, Type I	**ISO**	8068
British Standard	489	**Indian Standard**	IS 1012:2002
Chinese Standard	GB 11120-2011	**JIS**	K 2213 Type 2
DIN	51515-1 L-TD	**Siemens**	TLV 9013 04
DIN	51515-2 L-TG	**Siemens**	TLV 9013 05
ISO	6743-5 L-TGA	**Siemens Westinghouse**	M-Spec 55125Z3
ISO	6743-5 L-TSA		

Properties

	Method	*Unit*	*Typical*
Appearance	*Visual*	*-*	*Bright and Clear*
Density, 15 °C	*D 4052*	*g/ml*	*0,865*

Oxide Ash	*D 482*	*% mass*	*<0.01*

The figures above are not a specification. They are typical figures obtained within production tolerances.

Sustainability

*The product Carbon Footprint (PCF), cradle-to-gate (Q8Oils state of the art facility in Belgium), of Q8 van Gogh 32 is **1.21** kg CO_2eq / kg.*
Please contact Q8Oils to learn more about the positive environmental impact, the handprint, of this product.
To ensure accuracy and reliability, the PCF calculation tool has been verified by an independent third party. The verification report is available in the disclaimer.
